FAILP CISAL FERRARO E' CRITICO

Poste, cambia il servizio di ritiro raccomandate «Ma con molti dubbi»

CAMBIA, da oggi, il servizio per il ritiro da parte dei cittadini della corrispondenza non recapitata a domicilio (come raccomandate e pacchi): mentre fino a venerdì andavano ritirati presentandosi allo sportello di piazza Marconi, adesso i cittadini potranno ritirare la corrispondenza nei vari uffici postali sparsi in città. E se da una parte appare come

me passo verso gli utenti, dall'altra, però, secondo la Failp Cisol questa modifica - introdotta dalla Direzione centrale e non, quindi, da quella provinciale - rischia soprattutto di creare confusione.

«E' stato attuato un progetto con procedura d'urgenza e scavalcando ogni possibile, serio confronto negoziale con il sindacato - spiega Luigi Ferraro -. Inoltre, sono state diramate

disposizioni organizzative da Roma solo nelle ultime ore e il servizio sarà effettuato con modalità diverse per ciascun ufficio postale senza neanche prevedere alcun potenziamento di personale agli sportelli, almeno per il momento». Secondo Ferraro, poi, «il progetto così come avviato, rispetto all'attuale organizzazione, peggiora la qualità del servizio in quanto comporterà un differimento di due giorni (dalla tentata consegna) della disponibilità per il ritiro della corrispondenza anche se l'informazione sarà riportata sugli avvisi al cliente che indicherà il giorno e l'Ufficio dove l'oggetto sarà disponibile. Una volta recatosi in ufficio il cliente avrà la possibilità di sapere, laddove è presente il nuovo totem *Gestore Attese*, se l'oggetto che deve ritirare è presente e disponibile per il ritiro, negli altri casi si dovrà comunque far la fila»

Palizzi, stipendi in ritardo

Dipendenti comunali in stato d'agitazione

L'assemblea della Csa sollecita la conciliazione davanti al prefetto

Pietro Parisi
PALIZZI

Il coordinatore provinciale della Confederazione sindacati autonomi (Csa) regioni e autonomie locali, aderente alla **Cisal**, Gaetano Mileto, ha convocato i dipendenti comunali per discutere il loro coinvolgimento su alcune criticità interne all'ente. L'incontro s'è svolto nella sala della biblioteca giovedì, presente, oltre ai lavoratori, il vice coordinatore del sindacato, Antonino Pettè. All'ordine del giorno c'erano il pagamento di stipendi e mensilità arretrate i contratti decentrati anni 2013, 2014, 2015 e 2016 il benessere organizzativo e lavorativo dei dipendenti e le iniziative da intraprendere per garantire tutto questo.

«La situazione economica dell'ente – ha esordito Mileto – non appare tranquilla, perché quando non vengono pagati gli stipendi (manca quello di marzo, ndc) e le spettanze accessorie, significa che qualcosa o anche più, non va. La retribuzione ai dipendenti – ha chiarito – è un diritto inviolabile, sancito dalla Costituzione. Se questo non avviene, è evidente che esistono delle criticità».

Mileto ha ipotizzato quali potrebbero essere le cause che hanno procurato il ritardo nei pagamenti degli stipendi (è accaduto anche per febbraio «un male comune di molti enti» e, tra queste, il ritardo della delibera con la quale si stabiliscono le «somme impignorabili». Mileto ha dichiarato, con riferimento alla pesante situazione all'interno dell'ente (blitz dei carabinieri, caso Plutino, li-

te tra un amministratore e un dipendente, cambiamento di mansioni di alcuni di essi) che non è in grado di stabilire «le ragioni o i torti. Tutti – ha affermato – possono sbagliare, ribadisco solo che la dignità di ognuno non deve essere toccata, deve essere rispettata. Chiederò, a breve, anche un incontro con il sindaco. Un dipendente senza serenità – ha ribadito – viene svestito della sua essenza di persona. Porrò al prefetto stessi argomenti ed è necessario che al Comune di Palizzi, torni la serenità con il concorso di tutti».

Anche il vice coordinatore, Antonino Pettè ha invitato tutti ad una maggiore consapevolezza dei rispettivi ruoli. Prima della conclusione dei lavori, è stato proclamato e approvato da tutti i presenti (10 su 16) lo stato di agitazione che prelude allo sciopero, con la richiesta di un tentativo di conciliazione presso il Prefetto. ◀

«La retribuzione è un diritto inviolabile: se non lo è, è chiaro che esistono delle criticità»
